TO WHOM IT MAY CONCERN

The relocation of the Cronulla electorate office was recently undertaken by Australis Facilities Management. I am pleased to provide this reference highlighting the efficient and thorough service Australis FM provided on that project.

Australis gave thoughtful consideration to our ideas for the site and have successfully delivered a modern, practical and comfortable work space.

The project was completed in a timely fashion and any minor modifications required following the relocation were arranged without delay.

The Australis team engaged constructively with my electorate office staff from the commencement of the project and helped facilitate a quick and smooth transition to the new office. I was very impressed with their professionalism and service-driven ethos.

I would recommend Australis for any future projects of this nature.

Yours sincerely
